**NOTICE OF PROPOSED RULE MAKING****Adopted: April 30, 2003****Released: May 9, 2003**

Comment Date: June 30, 2003

Reply Comment Date: July 15, 2003

By the Chief, Video Division:

1. The Commission has before it a petition for rule making filed by South Carolina Educational Television Commission ("SCETV"), licensee of noncommercial educational station WHMC-TV, NTSC channel \*23, Conway, South Carolina. SCETV requests the substitution of DTV channel \*9 for station WHMC-TV's assigned DTV channel \*58.

2. SCETV maintains that the adoption of its channel substitution would serve the public interest since it would permit SCETV to replace its out-of-core channel with an in-core channel.<sup>1</sup> SCETV states that the channel change will also provide financial relief from SCETV's enormous transition and post-transition costs. SCETV submits that it is a publicly funded agency of the State of South Carolina, which operates a statewide network consisting of eleven television stations.<sup>2</sup> SCETV states that it has already spent more than \$19 million on DTV, with over \$12 million spent on planning, construction, and equipment for DTV transmission facilities. SCETV asserts that the channel substitution will help remove an undue financial hardship by avoiding the need to pay twice to construct DTV facilities for WHMC, once on channel \*58 and a second time on an in-core channel. SCETV estimates that the cost to build the transmission facility operating on channel \*58

<sup>1</sup> SCETV states that it initially intended to build its allotted channel \*58 using funds from a Public Telecommunications Facilities Program ("PTFP"). However, SCETV reports that the requested PTFP grant was denied, thus SCETV seeks to change to an in-core channel to eliminate the need for a costly facility change at the end of transition.

<sup>2</sup> Those stations include: WHMC-TV/DT, Conway; WRLK-TV/DT, Columbia; WNTV-TV/DT, Greenville; WITV-TV/DT, Charleston; WEBB-TV/DT, Allendale; WJPM-TV/DT, Florence; WJWJ-TV/DT, Beaufort; WNEH-TV/DT, Greenwood; WNSC-TV/DT, Rock Hill; WRET-TV/DT, Spartanburg; and WRJA-TV/DT, Sumter.

would be about \$960,000. The cost to reconfigure the facility later to another UHF in-core channel would be about \$70,000, thus the total cost to build and re-build WHMC-DT transmission facilities would be about \$1,030,000. Conversely, SCETV claims that the total cost to build WHMC-DT on channel \*9 would be about \$550, 000, a savings of \$480,000. SCETV asserts that \$480,000 is a significant amount of money since SCETV has ten additional DTV stations to operate and maintain throughout the DTV transition.

3. We believe SCETV's proposal warrants consideration. DTV Channel \*9 can be substituted for DTV Channel \*58 at Conway, South Carolina, as proposed, in compliance with the principle community coverage requirements of Section 73.625(a) at coordinates 33-56-58 N. and 79-06-31 W. In addition, we find that this channel change is acceptable under the 2 percent criterion for de minimis impact that is applied in evaluating requests for modification of initial DTV allotments under Section 73.623(c)(2). We propose to substitute DTV Channel \*9 for DTV Channel \*58 for station WHMC-DT at Conway, South Carolina with the following specifications:

State & City	DTV Channel	DTV power (kW)	Antenna HAAT (m)
SC Conway	*9	20	250.2

4. Accordingly, we seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Conway, South Carolina	*58	*9

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before June 30, 2003, and reply comments on or before July 15, 2003, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. 7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the TV Table of Allotments, Section 73.606(b) and 73.622(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981. The Regulatory Flexibility Act of 1980 would also not apply to rule making proceedings to amend the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules.

However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement.
